JESSICA RIGGS is the middle school Art teacher at Sabine ISD. She has 12 years' experience in the classroom and loves what she does! In 8th grade, she was the Artist of the Year at Gladewater Middle School and decided from then on she wanted to have a career in the Arts. She went on to get a BFA at the University of Texas at Tyler where her work was purchased and placed in their permanent collection. When she is not helping her students learn about Art and Art History, she enjoys making small portraits of her friends and family in graphite.
