## The Permanent Collection

The core of the collection includes paintings, woodcuts, photographs, sculpture, lithographs, serigraphs, collages, and works on paper that represent early Texas regional art from the 1930s and 1970s. However, to fully represent diversity and provide robust art education, the museum's collection has expanded to nearly 1,000 pieces and also includes culturally and historically significant works from the 19th century to present times. Internationally established artists such as Dali, Warhol and Picasso are represented in the collection, alongside emerging contemporary talents.

### 1958

The Junior League of Longview begins conducting annual art invitational competitions and purchases the winning pieces from each invitational.

### 1972

### 1998

—

Museum is renamed the Longview Museum of Fine Arts and moves into its current location at 215 East Tyler Street in Downtown Longview.

### 2018

### 2021

—
